NUMBER 1

LEGISLATURE WILL RECESS

FROM APRIL 26 UNTIL SEPTEMBER
9—PROBING COMMITTEE TO
KEEP BUSY.

Oklahoma City, Ok., April 15.—With only eight negative votes, the House went on record for a recess of the legislature from April 26 until Sept. 9 by adoption of the Rexroat resolution offered Saturday. The chief purpose for the recess, as explained in the House is to permit the house general investigating committee to complete its work.

A companion resolution considered with that for a recess was offered by Mr. Pinkham, member of the investigating committee, authorizing the committee to continue sessions during the recess and reducing the membership from twelve to eight, with the speaker of the house as ex-officio chairman and empowering him to designate the members. They are to receive \$6 per day for the time engaged in committee work, may meet in Oklahoma City or any portion of the state, and are to report when the legislature reconvenes. The committee is vested with plenary powers and may apply to any District Court for machinery to enforce its constitutional orders.

At the outset Mr. Lemon and Mr. Lewis offered a motion to defer consideration of the measures until the House committees that visited the institutions made reports. It was folly they said, to make appropriations for institutions when it might be that the committees recommended some of them being closed. In the desultory debate following it developed that all of the committee reports were the most favorable, and would recommend that the institutions not only all be continued but they be liberally supplied with funds.

Mr. Lemon declared that the house ought to be given a chance to act on his bill abolishing five of the district agricultural schools and the preparatory school at Claremore before appropriations were voted. The motion to defer action was defeated by vote

of 35 to 37. When the bills got before the committee an attempt was made to wedge in the reports on the schools, the effect of which would have been advantageous to the bills then pending. This was objected to, and Mr. Hill of Pittsburg, presiding as chairman, ruled that any member might read from the reports as part of his speech, but that the reports could only be received in the house. Moral support of the reports was not needed, for all of the bills called up were advanced to third reading. The action included appropriations for normals at Durant, Ada, Weatherford, Tahlequah, Alva and Edmond. The last school gets \$104,000 and its portion of the earnings from the normal lands, which is considerably more than any other normal.

Sentiment in the House, according to gossip tonight, is that the Woodward resolution, defeated yesterday, will be revived tomorrow and passed. This will put it up to the senate. Members of the Senate calling on Gov. Cruce today learned that it would not be satisfactory to submit the question of school abolishment at either the primary or the general election next year. The governor declared that if the legislature failed to submit the matter and the opponents initiated a measure, it would be submitted at the special election on Aug. 5. If the petitions were not ready by that time he would cause a second special election to be held. The governor declared that he would insist upon the people getting a vote on the question without hobbling it with other political issues.

The senate made quick work of the house bill by Curry and others, abolishing the offices of state enforcement officers. A similar bill went through the regular session and was vetoed.

The senate made two attempts to put the bill over the governor's objections, but could only muster thirty-one votes, whereas, the bill being an emergency measure, needed thirty-three votes. The house sentiment was never tried out. This time the authors left off the emergency clause, so if it is vetoed again, there is likelihood of it going over the veto. A bill came into the senate with a majority favorable and a minority unfavorable committee report.

Advocates of the office echoed the governor's previous veto message, in that this office was the only one left for enforcement of the prohibition law. The opponents declared that the Webb act made it easy for local officers to do the work and the state office was useless. The majority report prevailed. Without wasting time, under a suspension of the rules, the bill was placed on final passage and adopted by vote of 27 to 7. Senators Harlin, Carpenter and Franklin, against abolishing the office, complained about the railroading method. To put the bill over a veto thirty votes are required in the senate and sixty-six in the house.

The senate ordered to engrossment the Pruett-Bishop bill from the house increasing the penalties for carrying concealed weapons. The first offense is made a fine, and in discretion of the jury a jail sentence may be added; for the second offense, it's a fine and a jail sentence.

O. C. TAXES PAID TODAY

CHECK FOR OVER \$16,000 TURNED
OVER TO THE COUNTY
TREASURER.

This afternoon the O. C. tax matter was finally settled by agreement between the county commissioners and President Dorsett Carter and a check for \$16,682.87 was turned over to the county treasurer.

The settlement was on a basis of 70c on the dollar. As was stated some time ago, Judge Campbell was at first inclined to allow the claims of the county in full, but later changed his opinion. Later an agreement was reached with the road for a settlement on a basis of 80c, but Judge Campbell would not sanction it, saying that as the other counties traversed by the road had compromised on a 70c basis he thought Pontotoc should do the same. After considering every phase of the matter the commissioners and county attorney's office came to the conclusion that it would be better to take what was offered rather than go into litigation that might last for years and perhaps go to the U. S. supreme court before it ended. At all events every effort was made to protect the interests of the county and this settlement is doubtless the best that could have possibly been secured. Pontotoc county has its money while some of the others have not yet been paid.

STRIKERS IN BELGIUM KEEPING QUIET

Brussels, April 15.—Out of the welter of contradictory and incomplete figures it is impossible tonight to more than approximate the total number of workmen who have joined in the strike throughout Belgium for manhood suffrage. Independent estimates place the number between 280,000 and 300,000, although the Socialists, who are responsible for the movement, claim 400,000.

Except in the industrial centers, the strike has had no apparent effect. The general public has not been inconvenienced and consequently is not impressed and, as the strikers generally maintain admirable discipline, they have not alienated the sympathies of the Liberal capitalists who are contributing to their fund. The proprietor of a large hotel in Brussels is giving \$20,000 weekly until the strike has been won or lost.

The situation was the subject of debate in the senate, which reassembled today. Answering attacks by the Liberals and Socialists the Premier said the government was and is ready to take conciliatory action, but that it had no intention to abdicate before the strike.

Des Moines, Ia., April 16.—Iowa insurgents of the Modern Woodmen of America met in state convention here today to name delegates to the general convention of the insurgents to be held next month in Springfield, Ill. The order numbers 90,000 members in Iowa and the claim is made that a large majority of these are ready to join the insurgent movement in opposition to the action of the head camp in increasing the rates.

STATEMENT OF THE Farmers State Bank Of Ada, Okla.

At the close of business, April 4, 1913

RESOURCES	
Loans and Securities	\$64,109.81
Real Estate, Fur. and Fix.	5,352.23
Cash and Exchange	15,309.95

Bills Payable	5,000.00
Deposits	63,480.61
TOTAL	\$84,771.99

The above statement is correct.
W. L. REED, Pres.

DEMOCRATS ELECT A CONGRESSMAN

Washington, April 15.—The telegraphic bulletins reaching Washington tonight from Newton, Mass., announcing that John J. Mitchell, Democrat, has carried the district formerly represented in congress by Senator John W. Weeks by 4,000 plurality, created an exhilarating sensation in democratic circles by 2,200 votes over the democratic candidate for Congress and by 10,000 votes over the Progressive party candidate. Mitchell's opponents in the election today were Alfred W. Cutting, republican and Norman H. White, progressive.

The significance of today's result, representing a change of more than 6,000 votes in favor of the democratic party, lies in the fact that Mitchell made his campaign on the democratic tariff program. Senator Weeks led the fight in behalf of the regular republican candidate, going from precinct to precinct with a copy of the pres-

ent democratic tariff bill in his hand and forecasting ruin to all New England if the Underwood bill becomes law.

Today's result in the manufacturing district will greatly strengthen the hand of President Wilson and the tariff reformers in the house and senate besides leaving Gov. Foss, Mayor Fitzgerald and William Randolph Hearst far out on the limb.

Foss, like Hearst, was preparing to quit the Democratic party because of the tariff work of the administration and the house and senate leaders while Mayor Fitzgerald of Boston also opposed the Wilson tariff program. Republican newspapers, feeling that this defection, to gether with senator Weeks' fight for the manufacturing district of Newton—and would be

PRELIMINARY HEARING OF WOMAN ON MURDER CHARGE

Chickasha, Okla., April 15.—With standing room in the district courtroom at a premium, the throng of spectators, including a considerable number of women, the preliminary hearing of Mrs. Henry Rivers, charged with the murder of Sherman Wood ward jointly with Mrs. Woodward and John Tremont, was opened before Justice T. P. Moore shortly after 10 o'clock Tuesday morning.

Tremont was brought into the court room but was taken back to jail afterward. Through his attorney he had

waived preliminary hearing upon the statement of the county attorney that the testimony against him and Mrs. Rivers would be substantially the same. County Attorney Simpson and his assistant, Judge Holding, appeared for the state, while the defendant was represented by F. E. Riddle.

Address All Letters to the News Publishing and Printing Company

Any erroneous reflection on the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the management.

Obituaries and Resolutions of Respect of less than 100 words will be published free. For all matter in excess of 100 words a charge of one cent per word will be made. Count your words and remit with manuscript.

Muskogee claims to have 650 live wires in its commercial club. One thing is certain, when those fellows go after anything they generally get it regardless of cost. Hence, the greatness of Muskogee.

The man who is inclined to feel ashamed of his humble origin should remember that even the diamond flashing on his shirt front was dug out of a bed of clay. That fact however, takes nothing from its lustre.

Papers both in and out of Oklahoma, without regard to party affiliations, have come manfully to the support of Senator Gore in the matter of the charges which were attempted to be filed against him, unanimously declaring their belief that the whole thing was a frame-up. The plotters have been utterly discredited and no doubt wish they had tried something else.

President Wilson has shown himself about the most habitual breaker of precedents that ever sat in the presidential chair. And why not? Different periods and different occasions demand a different handling, and no one should be tied down to any line of conduct because some one set the example a century or two ago. The Chinese are a people who banked a great deal on following precedents, and as a result the nation has progressed little in the past 2,000 years.

The News is constantly receiving communications from paint manufacturers offering to sell their goods at reasonable prices. Evidently they think we are a prosperous bunch, for only prosperous people can afford much paint for their houses. However times would be more prosperous both for us and the paint companies if they would take a little advertising space. In that event others would know of the good qualities of their product and the News would have more to buy paint with.

The election of a Democrat in Massachusetts to succeed a Republican in congress who won by a heavy plurality in November, is very significant in view of the fact that he ran on a platform of tariff reform. That is a manufacturing district but the people showed the temper of the nation in demanding a change from the rates of the Payne-Aldrich bill. It is indeed a strong indorsement of President Wilson's policy to revise the measure which wrecked the Republican party.

HIS TROUBLE NOT OF HEART
Real Facts in Regard To F. R. Huffman's Illness. Relief Obtained By Curing His Stomach Afflictions.

Waynesville, N. C.—Mr. F. R. Huffman, of this city, says: "I suffered dreadfully with what I thought was heart trouble, and tried various medicines in vain. After other remedies had failed, Thedford's Black-Draught restored me to health. I would not feel safe without Black-Draught in the house. I consider it worth its weight in gold."

It cured my indigestion, and by this means I was restored to health. I can not express my gratitude for its benefits."

Good health depends on the condition of your digestion. Poor digestion and good health do not go together.

Thedford's Black-Draught will thoroughly cleanse and set in order your digestive system.

It has done this for others, during the past 70 years, and is today the most popular vegetable liver remedy on the market. Try it.

Insist on Thedford's. Price 25c.

If You Should Walk Down Broadway

New York City, tomorrow, the men you would meet would be dressed in exactly the same kind of clothes that we are selling. The "hang" of their coats, the cut of their trousers, their hats, their shoes, all might be duplicated at this store. Our buying organization is one of the best in Oklahoma or anywhere else. We buy some of our goods cheap enough that we can sell them at the prices a good many retailers pay for them, and still make a profit. As an example, take straw hats; we buy straw hats from the the people who make them, at the prices the wholesale hat houses pay. This spring we bought a car load of straw and panama hats. Is it any wonder that we can sell straw hats cheap? The same applies to other lines. We know our styles and our prices are right. We ask you to pass judgment.

Fashion Clothes

STEVENS - WILSON CO.

"The Store That Sells Good Goods"
ADA, OKLAHOMA

The Man Who Succeeds

Is the fellow who hops out of bed in the morning, jumps into his clothes and goes to his work or business full of ginger and ambition, ready to dare and do. Today the successful young man is keen for his work---keen to make headway---keen to dress well, because dressing well pushes him forward, gains him respect and makes him a success.

Hirsh, Wickwire ---and--- Fashion Clothes

Are designed to meet the requirements of the ambitious fellow---the fellow who makes things hum. From the finest and most novel fabrics, highly trained tailors needle and model these clothes to fit with precision, to set with grace, to wear exceedingly well and to hold their shape. They are particularly youthful, or conservative, just as you prefer. They're not gay---not ludicrous---not extreme---simply toneful, elegant, impressive.

Step in and don one of these suits---look yourself over. Then give us YOUR opinion

We'll be glad to show you as many suits as you care to see, ranging in price from

Aid the Kidneys

Do Not Endanger Life When an Ada Citizen Shows You the Way to Avoid It

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a tested remedy is offered them?

Doan's Kidney Pills have been used in kidney trouble over 50 years, have been tested in thousands of cases.

If you have any, even one, of the symptoms of kidney diseases, act now. Dropsy or Bright's disease may set in and make neglect dangerous. Read this Ada testimony:

J. W. Bowling, 112 Broadway, Ada, Okla., says: "I found Doan's Kidney Pills very beneficial when my kidneys were weak and I had backache. I willingly recommend this remedy to anyone having backache or kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Always got all kinds of paint at lowest prices at Dr. Holley's Drug Store. 229-11

PREPARING FOR

NEXT TRADES DAY

As stated some days ago the second Trades Day will be pulled off on the first Monday in May. As on the first occasion cash prizes to the amount of \$25 will be paid to the farmers and their wives, full announcement of which will be made later. Secretary Gantt and the directors of the commercial club will give the matter plenty of attention and the second day will be much better than the first. With the coming of summer when there will be more to exhibit and each succeeding Trades day will be better than the one preceding. It will be just a question of time until Trades day will be succeeded by a Pontotoc county fair, at which the varied resources of the county will be displayed to the public.

Economical Ironing

To iron economically you must not waste heat.

Ironing with ordinary flat irons is very wasteful of heat; most of the heat goes up the kitchen chimney; a lot of it is wasted in charring the ironing pad and in scorching the clothes.

Ironing with a

Hot Point Electric Flat Iron

is quite different—all the heat is in the iron ready to go into the pieces ironed instead of going into the room or up the kitchen chimney. None of it is wasted.

To use only the amount of heat actually needed for ironing, be it either heavy damp pieces or laces, embroidery or other light goods is real economy.

That's why Hot Point Irons are used in thousands of homes throughout our country.

We keep all styles and sizes—Let us send you one on trial.

WILL TULSA ENTER FIGHT FOR CAPITAL

Tulsa, Okla., April 16.—Whether or not Tulsa will enter a fight to secure the state capital will probably be determined when the general advisory committee holds their first meeting next Friday night at 8 o'clock in the Commercial Club rooms. Chairman Lyons of this committee issued the call for the meeting last night.

From the letters sent out to every newspaper in the state and to many other persons, the committee is now receiving replies and these replies will be discussed and used to a great extent in determining whether or not the general sentiment throughout the state warrants Tulsa making the fight.

A great part of these replies, however, are favorable and from all parts of the state are coming letters urging Tulsa to get busy and get in the ring.

It will be a two-reeler at the De Sota this evening, and one of the best of all. The subject is "The Sergeant's Secret," featuring the world renowned actor "Shorty." It is a thrilling story, superb acting and delineates some very clever detective work. Not only that, but the photography is unusually fine. All these qualities combine to make this one of the hits of the season. Coming in the near future: "The Pride of the South."

Gambling Bill Signed.

Oklahoma City, April 15.—Gov. C. C. Bruce signed the anti-gambling bill late Monday, after being photographed with a group in his private office. The bill does not carry the emergency clause, consequently it will not become effective until July 14. The chief features of it are that it is made a felony to operate a gambling game, whether by owner or employee; misdemeanor to play at a gambling game; misdemeanor to operate slot machines or to permit the shaking of dice, as is now the custom in hotels and cigar stores. Civil penalties are provided against property owners, and the evidence of an accomplice may be used to convict a principal.

Two sprightly stories told in pictures at the Majestic this evening. The first is Broncho Billy's Last Deed another of those western stories featuring G. M. Anderson. The other is a comedy entitled Keeping Up Appearances. Coming very soon: Wm. J. Burns.

REMEMBER CEMETERY ASSN.

FRESH COW FOR SALE—\$40. Inquire of W. B. Johnson, brick plant orchard. 9-2f

W. R. Brandon was in from his farm today. He says he never saw a time when the farmers of this section were so well up with their work nor a finer prospect for a crop. He has 30 acres of corn already up and in a day or two will begin planting fifty acres of cotton. Some farmers in his neighborhood are already planting cotton.

Max Brents returned this morning from Roff where he went to see about a position in the high school. As a result of his trip he was elected high school principal at a salary of \$75 per month. He will have charge of the science department in the school and also the debating teams and athletics. Max will graduate from the normal in the spring and doubtless with high honors, for no matter where he is put he always makes good, whether it be in his studies, in debate or on the athletic field. He is one of the finest young men of Ada and the Roff people are fully as fortunate in securing his services as he is in being elected to this very desirable position.

The civil service commission has agreed to allow graduates in our agricultural course to compete with students from other colleges for the position of Scientific Assistant in the Agricultural Department. This position pays \$1200 per year to start with. This opens the way for any ambitious young man who has been unable to attend out of the state schools. We teach you during your spare time. Write for catalogue and terms.—International Correspondence Schools. Scranton, Pa.

Cause for Alarm

Loss of appetite or distress after eating—a symptom that should not be disregarded.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, healthiest persons are moderate eaters. Nothing will cause more trouble than a disordered stomach, and many people contract serious maladies through disregard or abuse of the stomach.

We urge all who suffer from indigestion, or dyspepsia, to try Rexall Dyspepsia Tablets, with the understanding that we will refund the money paid us without question or formality, if after use you are not perfectly satisfied with results.

We recommend Rexall Dyspepsia Tablets to customers every day, and have yet to hear of one who has not been benefited. We believe them to be without equal. They give prompt relief, aiding to neutralize acidity, stimulate flow of gastric juice, strengthen the digestive organs, and thus promote perfect nutrition and correct unhealthy symptoms. Three sizes, 25 cents, 50 cents, and \$1.

You can buy Rexall Dyspepsia Tablets to this community only at our store:

ADA COUNTRY CLUB BEGINS IMPROVEMENTS

Lumber is being hauled to the city reservoir and a carpenter employed to begin construction of the club house for the Ada Country Club. The next move will be for the improvement of the road leading to the place. J. D. Lasater has been giving that feature some attention and states that a number of farmers have agreed to co-operate with the club in building a first class, durable road in that direction.

ARKANSAS MAN BUYS

DAN HAYS ADDITION

Today a deal was closed whereby H. C. McKinney of El Dorado, Arkansas, becomes the owner of the unsold portion of Dan Hays addition, a total of 91 lots. The consideration was \$5,000 cash. The transfer was made and put on record. It is his intention to sell the lots as soon as possible and perhaps build a few houses on some of them in the near future.

RAMSEY DRUG CO.

HOW ABOUT ROAD

WORKING DAY?

The business men of Ada seem very favorably impressed with the plan of closing up for a day and take part in a general road working. The next question is the co-operation of the farmers. The Commercial Club would like to hear from any one who has a suggestion to make regarding the best means of interesting them and getting them out on that big day. Send all suggestions to Secretary E. C. Gantt. As for the business men there is not one who would be benefitted physically by shucking off his coat and spending a day pricking with spade, shovel and scraper. As for the farmers a day with their teams would save them much vexation later in the season when they begin coming to town with their heavily loaded wagons

ANAEMIC PEOPLE

Need More Iron in the Blood.

If you are anaemic, you need more iron in your blood, and the tell-tale symptoms are a pale face—colorless lips, ashen finger nails, poor circulation, and short breath, and more serious diseases are easily contracted when in this condition.

What Vinol did for Mrs. G. S. Manuel of San Antonio, Tex., it will do for every anaemic run-down person. She says: "I was weak and nervous and had general debility for about three years. My health was badly run down and my complexion became sallow and badly affected with pimples. While in this weakened condition I contracted pleurisy, which made it very hard for me. I am happy to say that Vinol has restored me to health again, and I have no cough or soreness of the lungs at all."

We ask every anaemic or rundown, weak person in this vicinity to try a bottle of Vinol with the understanding that their money will be returned if it does not do all we claim. Gwin & Mays Drug Co., Ada, Okla.

DR. PRICE'S CREAM Baking Powder

A pure, Grape cream of tartar baking powder—Makes Food More Delicious and Wholesome—No Alum—No Phosphates

Care must be taken to keep Alum from the Food

Prof. Alonzo Clark, of New York: "A substance (alum) which can damage the stomach should not be tolerated in baking powder."

Prof. S. W. Johnson, Yale College: "I regard (alum) and soluble alumina salts) introduction into baking powders as most dangerous to health."

Read the Label on the can. Unless it shows a cream of tartar ingredient don't buy the powder

NORMAL NOTES By MOIKE CASSIDY

Max Brents of the class of 1913 has been elected to the department of science of the Roff High school. In addition to the science, he will have charge of the athletics and debating. It is a source of satisfaction to the normal to be appreciated by those who know it best.

New students are enrolling daily. Most of those who are enrolling now will remain through the summer term. Watch us break the record for enrollment during the summer term.

The faculty will attend the meeting of the Pontotoc County Teachers' Association at Roff in a body next Saturday as well as many students.

One more day until the Dummies will be here for two games, Friday and Saturday. It will be a hard game from all indications, but Prof. Little expects to see the teachers add a scalp each day. It will be remembered that they beat us the last game 2 to 1. So by close figuring you readily see that it is not "cinched."

The Track Meet that is to be held on May 2nd and 3rd will be one of the most interesting events of the spring term. More than forty athletes have already entered in the various events and as many more have promised to send in their names. Among the schools that have registered their athletes are Atoka, Weleetka and Tishomingo. Atoka comes with fourteen men, the largest entry list of any school heard from. Weleetka has entered six men only, but from what we know of their athletic prowess along other lines, they will make a strong try for honors. Tishomingo has entered a small team also and will probably depend largely on the work of Newberry, their hurdler and high jumper to put them in at the finish. The other entrants come from smaller schools and in teams of three and four.

The Y. W. had a regular session Wednesday morning; after regular program they decided to have a missionary study on Wednesday morning from 8 to 8:30. Mrs. Briles will be leader. The policy of the new cabinet was read by Molly Russell. The Y. W. will give a children's party at Maude Brent's Saturday night and all students of the normal are cordially invited to be present provided you bring 10 cents and your marbles, tops, dolls, jacks and other "kid" amusements.

Let the News WANT COLUMN be your agent. Results are sure

FIRST APPLICATION DARKENS THE HAIR

A Simple Remedy Gives Color, Strength and Beauty to the Hair.

You don't have to have gray hair or faded hair if you don't want to. Why look old or unattractive? If your hair is gray or faded, you can change it easily, quickly and effectively by using Wyeth's Sage and Sulphur Hair Remedy. Apply a little tonight, and in the morning you will be agreeably surprised at the results from a single application. The gray hairs will be less conspicuous, and after a few more applications will be restored to natural color.

Wyeth's Sage and Sulphur also quickly removes dandruff, leaves the scalp clean and healthy, and promotes the growth of the hair. It is a clean, wholesome dressing which may be used at any time with perfect safety. Get a fifty-cent bottle from your druggist today, and see how quickly it will restore the youthful color and beauty of your hair and forever end the nasty dandruff, hot, itchy scalp and falling hair. All agents sell it under guarantee that the money will be refunded if you are not satisfied after a fair trial. Agents, Gwin & Mays Drug Co., Ada, Okla.—adv.

BASEBALL CHATTER

Manager Evers, of the Cubs, has shipped Pitcher Sutcliffe to the New London team of the Eastern Association.

Manager Callahan, of the White Sox, figures that Pitcher Benz is fifty per cent stronger than he was last year.

The Cincinnati Club lost quite a bunch of money by being compelled to cancel exhibition games on account of the flooded condition of the ball yard.

The St. Joseph team hung one on "Big Ed" Walsh in an exhibition game the other day, when they drove the "Big Moose" to the Woods in six innings.

The Athletics' pitching staff looks to be some staff with the youngsters. Wyckoff, Durning and Bush helping out Bender, Coombs, Plank and Brown.

Pitcher George Foster who is showing his winning ways with the Champion Red Sox, was once with the Browns and last season the star heater of the Houston, Tex., team.

Wilbur Schardt, the former Brooklyn twirler, is back in the American Association, being a member of the Indianapolis team. Two years ago he was a star with the Milwaukee team.

A number of baseball critics claim that the outfield of both the Giants and the Athletics are woefully weak. The season is early yet. A little later we will see what we will see.

Bert Annis, who has been in the Central League for the past ten years, first as owner of the South Bend team and later as owner of the Grand Rapids franchise, has retired from the game.

Connie Mack doesn't think that Washington will cut much of a caper in the American League pennant race. Either the Red Sox or the Athletics will attend to the winning stuff this season, according to Connie.

Pitcher "Lefty" James and "Lefty" George are team mates on the Toledo Club of the American Association. These two southpaws will be a great help to the Mud Hens in their wade through the A. A. circuit.

Perfumed Notes and other Lady Bugs will be glad to learn that Speaker, Wood, Carrigan, Gardner, Nunamaker, O'Brien and Thomas, of the Red Sox Champions are all eligible bachelors who gather such a gob of money every two weeks that it couldn't be planted in two dozen pairs of silk or tulle, or just plain cotton ones.

Good Road Plan.

A new plan for getting the roads dragged which lead into town has been adopted by the Iowa State Automobile Association. They work with one representative merchant in each city. The local merchant advertises that he will present a prize to every farmer who will on a given day hitch his team to a drag and ride it into town, stopping in front of the merchant's place of business. He then enters the store, and signs a slip, giving name, address, miles from town, number of horses used, and size of drag.

After the above requirements have been complied with the merchant presents to the farmer, absolutely free of charge \$1.00 worth of his best grade of coffee (or other commodity) and to the farmer coming the longest distance he presents free on barrel of flour (or other commodity). I would suggest that you get one of your merchants to try this plan.—H. Leslie Smith, Davenport, Iowa.—Oklahoma Farm Journal.

In his writings and lectures Detective William J. Burns makes a pointed statement which is given a vivid demonstration in the Kalem three-part production "Detective William J. Burns in the Exposure of the Land Swindlers," released Tuesday, April 1st. It is: "Every criminal leaves a track by which he may be traced. There are no mysteries and a failure to obtain results indicates that the matter has not been properly or thoroughly investigated." With this basis, Mr. Burns proceeds along scientific lines with startling results that have terrified law-breakers. "In all of my addresses," said Mr. Burns when he visited the Kalem Studio last week to view the completed production, "I emphasize the fact that it is impossible for any one to disobey the law without suffering the penalty. The criminal of today has no chance of escaping whatever."—Dramatic Mirror.

Education Board Nominations.

Oklahoma City, Ok., April 15.—Gov. Cruce today sent to the senate the names of B. H. Hester of Claremore, former county superintendent of Rogers county, and Judge A. R. Museller of Pawhuska as members of the State Board of Education. Judge Museller is a Republican. These appointments complete the board; the other members have been previously named.

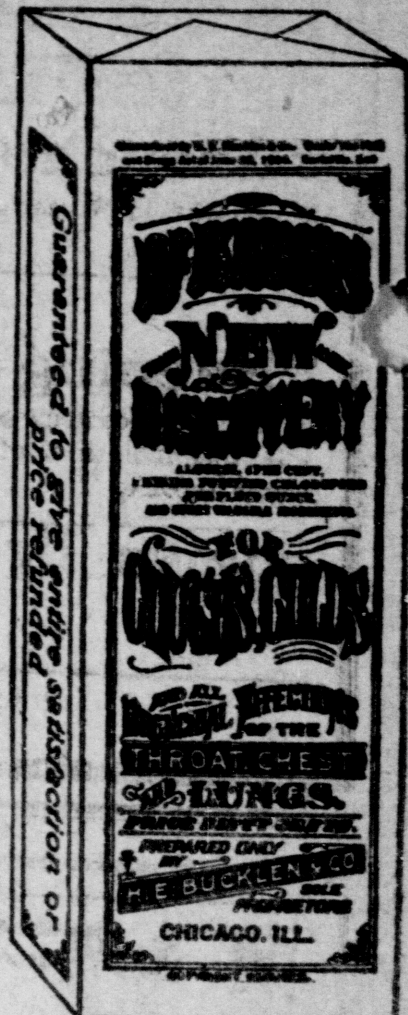

The News man is putting in a few minutes work every afternoon working the garden. He is trying to toughen his muscles a little in anticipation of a day on the road with L. A. Ellison and W. L. Reed as side partners.

YOU SHOULD TAKE PURE AND PLEASANT DR. KING'S NEW DISCOVERY. YOU WILL GET QUICK AND PERMANENT RELIEF.

Stops Cough, Loosens Chest, Soothes Inflamed Throat, Nose, Bronchial Tubes and Lungs.
Start Taking It at Once.

Dr. King's New Discovery was originated 43 years ago. Its wonderful power to stop coughing, cure colds, relieve bronchial and lung affections, made it quickly popular. Its use steadily increased. Now it is undoubtedly the most used prescription for coughs and colds in the world. Millions of bottles are sold annually, and thousands testify to its merits by testimonials and continued use. Why experiment with unknown and untried remedies? Pleasant, tried and true, Dr. King's New Discovery is guaranteed by your druggist to help you or money refunded. Get a bottle to-day. Keep it for emergencies.

"Typhoid pneumonia had left me with a dreadful cough," writes Mrs. J. E. Cox of Joliet, Ill. "Sometimes I had such awful coughing spells I thought I would die. I could get no help from doctor's treatment or other medicines, till I used Dr. King's New Discovery. I owe my life to this wonderful remedy, for I scarcely cough at all now." Quick, safe, and reliable for all throat and lung troubles. Sold by

Ramsey Drug Company

NORMAL WILL PLAY DEAF SCHOOL AGAIN

Two great games of baseball are promised the fans of Ada Friday and Saturday when the Oklahoma school for the Deaf will play the normal team. The deaf boys put up two plucky fights in Sulphur a few days ago, and expect to wrest another victory from the teachers here. The teacher boys, however, say that they expect to take both games and do it without any serious difficulty.

Limber Bill McDaniel is slated to twirl one of these games, and the people, if for no other reason, will have no regrets if they see this duplicate of the world famous Thorpe work in the box. Limber Bill has everything in the twirling line, besides all grades of steam and a delivery that makes the spectators roar with laughter. In fact, this is an Indian that will deliver the goods in any form. The only reason he has not been pitching part of the time before is because he is such a good catcher that it is hard to get one to equal him.

Just who will do the catching when Bill pitches is still a question. Big Jones is working well now with the mask and so is Robison. Robison has a better peg, but lacks experience in getting hard chances behind the bat.

Boxing Notes.

Harry Lewis, the American Welter, who has been living in England for some time, is planning to go to Australia.

Bob McAllister, ex-amateur champion heavyweight of California, and Paddy Slaving will clash in San Francisco April 26.

Promoter Al Lippe says that the match between Al Palzer and Jack Johnson is still on and that the bout will take place in Paris next June.

Mei Davis was a passenger to Sasakwa this morning.

Col Gorgas' Daughter Weds.

(Panama, April 16.—The marriage took place today of Miss Aileen Gorgas, daughter of Col. William C. Gorgas, chief sanitary officer of the Canal Zone and Mr. William Wrightson, a resident of Texas. The ceremony was performed in the Episcopal church on Acon Hill and was largely attended by representatives of civil and military society.

Supt. T. W. Robison has sold his present home and will build again sometime during the summer on East 10th street on the lot adjoining that occupied by Pres. Briles' home.

Grandma Talks About Babies

Has a large Circle of Listeners Who Profit by Her Wisdom and Experience.

In almost any settled community there's a grandma who knows Mother's Friend. Not only is she reminiscent of her own

experience, but it was through her recommendation that so many young, expectant mothers derived the comfort and blessing of this famous remedy.

Mother's Friend is applied externally to the abdomen, stomach and breasts, allays all pain, avoids all nausea, and prevents caking of the breasts.

It is quickly and wonderfully penetrating, permits the muscles to expand without the strain on the ligaments, and prepares the system so thoroughly that the crisis is passed almost without the slightest distress. Thus there need be no such thing as dread or fear.

No better nor more cheering advice can be given the expectant mother than to suggest the use of Mother's Friend. She will take courage from the beginning. The days the health is preserved, the mind is at repose and the period is an unending one of quiet, joyful anticipation.

You can obtain Mother's Friend of any druggist at \$1.00 a bottle. Do not forget remedy ever devised for motherhood. It is unfailing. Write at once to Bradford Regulator Co., 133 Lamar Bldg., Atlanta, Ga., for their very interesting and instructive book of advice for expectant mothers.

WHY OKLAHOMA HAS BACHELORS

The federal census shows that Oklahoma has 113 males for every 100 females. Hence, it appears that Oklahoma is destined to have thirteen bachelors for each 213 of the population, unless girls from the New England states and other sections of the nation, where the female population predominates, shall come to Oklahoma and relieve the situation.—Oklahoma.

Speaking from personal experience we are of the opinion that one reason may be ascribed to the fact that most of the girls of Oklahoma are more particular about who they tie up with than those of a generation ago. Perhaps those imported ones would not be quite so exacting.
